**ABSTRACT**

We, the Indians are rapidly changing in the 21<sup>st</sup> century of globalization. With this change, there are too many transformations in the educational field due to the advancement of science and technology. In the field of English teaching, the change is essential since the old techniques of the teaching are useless. Now the teacher of 21<sup>st</sup> century must give up the traditional concepts and techniques of the classroom teaching and should adopt the recent and innovative

techniques. There should be the acceptance of some novel idea of the teaching field. Some innovative methods like word bank, quiz competition, use of internet, mind maps, etc. should be used for learning the language and boost the confidence of the learners.

The purpose of this paper is to suggest some useful innovative teaching and learning methods that can be accepted in the process of imparting knowledge to the students.
