Abstract

Language is the ability to acquire and use complex systems of communication, particularly the human ability to do so, and a language is any specific example of such a system. Language is the divine gift of the god. It is language that distinguishes man from animals. Language is man's

finest asset. To the philosopher, language may be the instrument of thought, for we think through language. Language is an extremely important way of interacting with the people around us. Without language we cannot communicate with people. As it is a vital tool for communication.
